

SALUTING

OUR TROOPS

~ PAST & PRESENT ~

**A WORLD OF THANKS TO
ALL WHO SERVE
FROM SOUTH WINDSOR, CONNECTICUT**

South Windsor cares deeply about its veterans, living and deceased. Veterans Memorial Park honors the memory of South Windsor residents who died in conflict during WWI, WWII, Korea, and Vietnam wars.

Behind the monuments stands a gray polished granite wall honoring all branches of service. The brick pathway to the monuments is eagle shaped and hosts bricks that can be inscribed to honor both residents and family members who serve or have served in the military.

Hands Touching Hearts is a global outreach effort that gives Americans of all ages the opportunity to decorate handcrafted thank-you gifts for United States military personnel. The program was originated by Ann M. Cosgrove, a graphic artist in Connecticut. To learn more, visit www.Anns.work.
